

EXENTRI®

WALLETS

Both Exentri Wallet and Exentri City are popular as a promotional gift, and looks very nice with a logo embossed - hot printed in the leather.

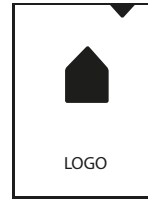

Choose whether you prefer your wallet to be customised with a logo on the front, on the inside or on the reverse.

Send your logo, preferably in black/white (one toned color), as a vectored illustrator file (.ai .pdf) to your contact person in Exentri. We will make you a sketch for approval. The logo can be maximum 45 mm wide. We recommend that the smallest letter is minimum 2 mm tall, to ensure that the text is readable.

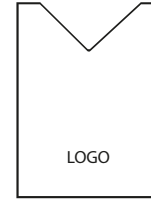

WALLET

Front

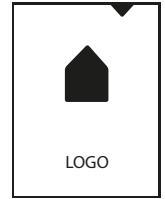

XX pcs. EX 001 Black
